Dollar amount requested-
Number of Collierville citizens this funding will benefit-

Explain how your organization intends to use the funds. Attach any additional information that might help the committee understand your request and comments how it will benefit Collierville citizens.

Although the Twentieth Century Club gives careful consideration to every grant application, those asking for specific items and benefiting a number of citizens are more likely to be granted since we try to fund as many requests as possible. If your request is funded, you will be asked to sign a document stating that the money will be used for the purpose stated in the application.

Application deadline is October 1, 2023

Applications may be sent to the address above, twentiethcenturyclub@gmail.com or given to a club member. Postmark/email/hand given must be no later than deadline date.

The appropriate committee chairman will notify you if your grant has been approved. Dispersal of grant checks will be at our November meeting and your presence is requested if you are approved.
